June 2, 2017

Mr. Kevin Neilson
Public Service Commission
861 Silver Lake Blvd., Suite 100
Dover, Delaware 19904

Re: Wastewater CPCN Application – Country Glen II

Dear Mr. Neilson,

Enclosed you will find the CPCN application for beginning the business of a wastewater utility for Country Glen II located in Sussex County, Delaware.

Country Glen II is an existing community consisting of 38 homes. The community receives wastewater service from an existing community septic system. The existing system is owned by the Country Glen Property Owners Association. The Country Glen POA currently charges property owners an additional \$450 per year in their POA dues to fund the operations and maintenance of the system. Currently, the Country Glen POA is not regulated by the Public Service Commission because they are below the 50 customer threshold.

The Board of Directors of the Country Glen POA has adopted a resolution to transfer ownership of the community septic system to Diamond State Sustainability Corporation (DSSC). DSSC is a non-profit corporation dedicated to sustainable utility service for rural, under-served, low-moderate income communities. Further detailed information regarding DSSC has been included in the application. Even though the system is below the 50 customer threshold, DSSC intends to be regulated by the Public Service Commission as DSSC will be filing additional CPCN applications for other community systems which will increase the service area to above the 50 customer threshold.

One original copy of the application has been included. I will contact your office shortly to set up a meeting to discuss the application. If I can be of further assistance upon your review, please do not hesitate to contact me at 302-740-4442 or via e-mail at jkalmbacher@dsscde.org.

Sincerely,

Jeremy M. Kalmbacher, P.E.
President

**Certificate of Public Convenience and
Necessity Application**

Country Glen II

Sussex County

**APPLICATION FOR A CERTIFICATE OF PUBLIC CONVENIENCE AND
NECESSITY REQUIRED TO BEGIN OR EXPAND THE BUSINESS
OF A PUBLIC WASTEWATER UTILITY**

BEFORE THE PUBLIC SERVICE COMMISSION

This form of application must be filed for each new and expanding wastewater system pursuant to 26 Del. C. §203D(d).

WASTEWATER UTILITIES:

1. Basis for application:

- ☐ a. The applicant is in possession of a signed service agreement with the developer of a proposed subdivision or development, which subdivision or development has been duly approved by the respective county government (26 Del. C., §203D (d)(1)); or
- ☐ b. The applicant is in possession of a petition signed by all of the parcel owners of the proposed territory to be served (26 Del. C., §203D (d)(2)); or
- ☒ c. The applicant is in possession of a petition requesting wastewater service executed by the landowners of record of parcels and properties that constitute a majority of the parcels or properties in the existing development, subdivision or unincorporated community (26 Del. C., §203D (d)(3)); or
- ☐ d. The applicant is in possession of a duly certified copy of a resolution from the governing body of a county or municipality requesting the applicant to provide service to the proposed territory to be served (26 Del. C., §203D (d)(4)); and
- ☒ e. In the case of a new wastewater utility, evidence that it possesses the financial, operational and managerial capacity to serve the public convenience and necessity and to comply with all state and federal regulations (26 Del. C., §203D (d)(5)).

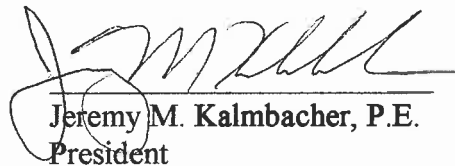

2. To obtain a Certificate of Public Convenience and Necessity ("CPCN") to provide adequate wastewater service to customers.

3. Diamond State Sustainability Corporation requests an informal fact finding procedure during review of the application.

- a) Full legal name and address of Applicant:
Diamond State Sustainability Corporation
1307 Savannah Road
Lewes, DE 19958
- b) Full name of the Utility's designated representative:
Jeremy Kalmbacher

- c) Phone no: 302-740-4442
 - d) Fax no: N/A
 - e) Email address: jkalmbacher@dsscde.org
5. Supporting documentation required by 26 Del. C. §203E(1), including evidence that all landowners of the proposed territory have been notified of application:
 6. A complete list of county tax map parcel number(s) for the area covered by the application:
 7. Check made out to the Delaware Public Service Commission in the amount of \$750.00.
 8. A complete list of county tax map parcel number(s) with corresponding names and addresses of property owners and a copy of the tax map(s) for the area:
 9. The Applicant hereby certifies that the extension will satisfy the provisions of 26 Del. C. §403C, including:
 - a) The Applicant is currently not subject to a finding by the appropriate federal or state regulatory authority that we have materially failed to comply with applicable wastewater treatment standards; and
 - b) The Applicant is currently not subject to any Order issued by the Commission finding that Diamond State Sustainability Corporation has materially failed to provide adequate or proper safe wastewater services to existing customers.
 10. A majority of the parcel owners of the proposed territory to be served agree with the filing of a CPCN to permitting Applicant to provide them with public wastewater services.
 - a) A copy of the application will be sent to the Office of State Planning and Department of Natural Resources and the County Engineering/Utility Planning on or about June 9, 2017.
 - b) The Applicant provides the following additional information with this application;
 - 1) Certificate of Incorporation and By-laws
 - 2) Resolution executed by the Country Glen Property Owners Association
 - 3) Financial, Operational, and Managerial Qualifications
 - 4) Drawings of Existing Community Septic System
 - 5) Any additional information required by PSC Staff will be made available on request

Respectfully submitted,

Jeremy M. Kalmbacher, P.E.
President

Landowner Notifications

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

April 12, 2017

Dorothy D'Addario
11689 Glen Circle
Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-75.00

Dear Dorothy D'Addario,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904

Questions regarding objections or public hearings may be directed to: Public Service Commission at its toll-free number (within Delaware) 1-800-282-8574, by Text Telephone ("TT"), by regular telephone at (302) 736-7500, or by e-mail to kevin.neilson@state.de.us.

If you have any general questions for DSSC, I can be reached at (302)740-4442 or via email at jkalmbacher@dsscde.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Kalmbacher', with a large, stylized initial 'J'.

April 12, 2017

Boyd Wilson Lamkie and Thais Anne Lumpp-Lamkie
20247 Millstone LN
Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-76.00

Dear Boyd Wilson Lamkie and Thais Anne Lumpp-Lamkie,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

April 12, 2017

Tamara J Duffie
11713 Glen Circle
Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-77.00

Dear Tamara J Duffie,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

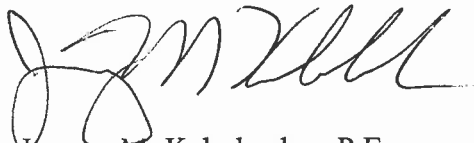

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904

Questions regarding objections or public hearings may be directed to: Public Service Commission at its toll-free number (within Delaware) 1-800-282-8574, by Text Telephone ("TT"), by regular telephone at (302) 736-7500, or by e-mail to kevin.neilson@state.de.us.

If you have any general questions for DSSC, I can be reached at (302)740-4442 or via email at jkalmbacher@dsscd.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. M. Kalmbacher', with a stylized, cursive script.

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

April 12, 2017

William J and Donna J Downey

33228 Gordy Road
Laurel, DE 19956

RE: Country Glen II – Tax Parcel # 430-19.00-83.00

Dear William J and Donna J Downey,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

April 12, 2017

Barbara J Robinette
11801 Glen Circle
Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-87.00

Dear Barbara J Robinette,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904

Questions regarding objections or public hearings may be directed to: Public Service Commission at its toll-free number (within Delaware) 1-800-282-8574, by Text Telephone ("TT"), by regular telephone at (302) 736-7500, or by e-mail to kevin.neilson@state.de.us.

If you have any general questions for DSSC, I can be reached at (302)740-4442 or via email at jkalmbacher@dsscde.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. M. Kalmbacher', written over a horizontal line.

RE: Country Glen II – Tax Parcel # 430-19.00-88.00

Dear Edith Elizabeth Robinette,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

April 12, 2017

Geraldine Y Wongus
11875 Glen Circle
Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-94.00

Dear Geraldine Y Wongus,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

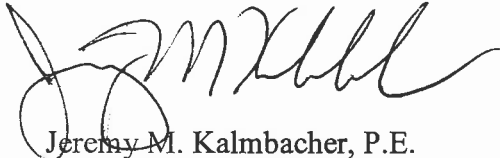

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904

Questions regarding objections or public hearings may be directed to: Public Service Commission at its toll-free number (within Delaware) 1-800-282-8574, by Text Telephone ("TT"), by regular telephone at (302) 736-7500, or by e-mail to kevin.neilson@state.de.us.

If you have any general questions for DSSC, I can be reached at (302)740-4442 or via email at jkalmbacher@dsscde.org.

Sincerely,

Jeremy M. Kalmbacher, P.E.
President

Dear Suzanne T and Martin W Savilla,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

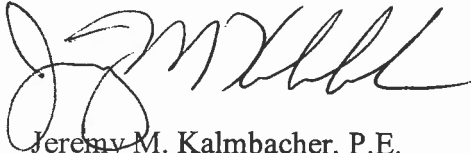

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904

Questions regarding objections or public hearings may be directed to: Public Service Commission at its toll-free number (within Delaware) 1-800-282-8574, by Text Telephone ("TT"), by regular telephone at (302) 736-7500, or by e-mail to kevin.neilson@state.de.us.

If you have any general questions for DSSC, I can be reached at (302)740-4442 or via email at jkalmbacher@dsscde.org.

Sincerely,

A handwritten signature in black ink, appearing to read 'JMK', with a large, stylized initial 'J' and a long, sweeping horizontal stroke at the end.

Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-134.00

Dear Louis M Jr and Michelle L Scott,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

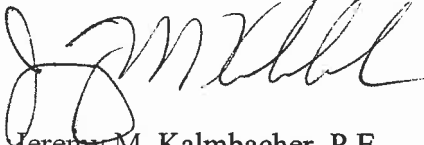

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

April 12, 2017

Michelle Lee and Justin D Horne
11818 Glen Circle
Bridgeville, DE 19933

RE: Country Glen II – Tax Parcel # 430-19.00-135.00

Dear Michelle Lee and Justin D Horne,

Pursuant to 26 **Delaware Code**, Section 203D(d)(2), an application for a Certificate of Public Convenience and Necessity (CPCN) will be submitted to the Delaware Public Service Commission on or about May 31, 2017. Your property has been included within an area Diamond State Sustainability Corporation (DSSC) intends to serve with public wastewater and we are required to inform you of certain information. The area to be served is Country Glen II. If you agree to the inclusion of your property in the proposed service area, no action on your part is required. Inclusion of your property in a CPCN area does not obligate you to connect immediately to our system; however, should your existing system fail and public wastewater services are deemed to be legally and publicly available, you may then be required to connect.

Under Delaware law, the Public Service Commission cannot grant a CPCN to DSSC if a majority of the landowners in the proposed wastewater service area object to the issuance of the CPCN. If you object to the issuance of a CPCN for the proposed area that includes your property, you must notify the Commission, in writing, within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

You may also request a public hearing on this matter. The purpose of the public hearing will be to demonstrate why it would not be in the public interest for the Commission to grant TESI a CPCN to provide wastewater services to the proposed area. A request for a public hearing must be made in writing to the Commission within sixty days of your receipt of this notice or within thirty days of the filing of the completed application for a CPCN, whichever is greater.

Written notice of your decision to object to the issuance of the CPCN or your written request for a public hearing, should be sent to the Secretary of the Delaware Public Service Commission at the address shown below. Any written notice sent to the Commission must include the description of the service area referred to above, your tax parcel identification number, and the name of the applicant for the CPCN so the Commission will be able to identify the CPCN application to which your notice is related.

Secretary
Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904

Questions regarding objections or public hearings may be directed to: Public Service Commission at its toll-free number (within Delaware) 1-800-282-8574, by Text Telephone ("TT"), by regular telephone at (302) 736-7500, or by e-mail to kevin.neilson@state.de.us.

If you have any general questions for DSSC, I can be reached at (302)740-4442 or via email at jkalmbacher@dsscde.org.

Sincerely,

A handwritten signature in black ink, appearing to read "J. M. Kalmbacher", written in a cursive style.

NOTES

1. OWNER TO PROVIDE SURVEY LOCATION OF LOT CORNERS ON THE PROPERTY.
2. THE CONTRACTOR'S USE IN LAYOUT. CONTRACTOR TO INSTALL BUILDING DEFEEL LINES TO SIDE OR REAR WALL OF FUTURE 28' 66" HOME LOCATED ON 30' F.R. FRONT SETBACK AND CENTERED ON LOTS.
3. ALL TANK GROUNDS TO BE CONSTRUCTED WITH STEEL SHEETS LINED EN-ESS.
4. ALL TANK AREAS ARE SPECIFICALLY APPROVED BY OWNER.
5. ALL TANKS ARE TO BE RATED BY MANUFACTURER FOR ADEQUATE STRUCTURAL STRENGTH AT THE ACTUAL DEPTHS TO BE EXCAVATED.
6. WORK TO BE NOTIFIED THREE (3) CONSECUTIVE WORKING DAYS PRIOR TO EXCAVATION. AT 1-800-292-0555.
7. INVERT ELEVATIONS GIVEN FOR TANK INLETS MAY VARY TO SUIT FIELD CONDITIONS.
8. CONTRACTOR MUST TAKE CARE TO AVOID COMPACTION OR SOIL SHEARING IN THE AREA OF THE DRAINFIELDS. USE AN EXCAVATOR WITH CARE DURING EXCAVATION. DO NOT ALLOW EQUIPMENT TO EXCEED THE DRAINFIELD DURING EXCAVATION. AVOID VEHICLE TRAFFIC ON THE BED AREA DURING BACKFILL OPERATIONS.
9. CONTACT A LICENSED CLASS "D" SOIL SCIENTIST TO VERIFY THE SOIL CONDITIONS IN THE BOTTOM OF THE EXCAVATED DEEPS PRIOR TO PLACEMENT OF THE FINAL BACKFILL.

STATE of DELAWARE
CERTIFICATE of INCORPORATION
DIAMOND STATE SUSTAINABILITY CORPORATION
A NON-STOCK CORPORATION

- **First:** The name of the Corporation is Diamond State Sustainability Corporation.
- **Second:** Its Registered Office in the State of Delaware is to be located at 20062 Beaver Dam Road, Lewes, Sussex County, 19958. The name of the registered agent is Theobald Schlegel.
- **Third:** The corporation shall be a nonprofit non-stock corporation. More specifically, the corporation shall be a charitable non-stock corporation organized exclusively for charitable, religious, educational, and scientific purposes, including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, all of which shall be limited to any lawful act of activity for which corporations may be organized under the General Corporation Law of Delaware.
- **Fourth:** The corporation shall not have any capital stock.
- **Fifth:** No part of the net earnings of the corporation shall inure to the benefit of, or be distributable to, its members, trustees, officers, or other private persons, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article Third hereof. No substantial part of the activities of the corporation shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of or in opposition to any candidate for public office. Notwithstanding any other provision of these articles, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or (b) by a corporation, contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code. Notwithstanding any other provision of these articles, this corporation shall not, except to an insubstantial degree, engage in any activities or exercise any powers that are not in furtherance of the purposes of this corporation.
- **Sixth:** Upon the dissolution of the corporation, assets shall be distributed for one or more exempt purposes within the meaning of section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government, for a public purpose. Any such assets not so disposed of shall be disposed of by a Court of Competent Jurisdiction of the county in which the principal office of the corporation is then located, exclusively for such purposes or to such organization or organizations, as said Court shall determine, which are organized and operated exclusively for such purposes.

• **Seventh:** The conditions of membership shall be as stated in the By-Laws of the corporation. Membership in the corporation shall be open to any person regardless of age, race, creed, color, national origin, ancestry, marital status, sexual orientation, disability, nationality or sex, but may be otherwise restricted by the corporation as its governing body deems necessary and proper for the operation of the corporation.

• **Eighth:** A director of the corporation shall not be personally liable to the corporation or its members for monetary damage for breach of fiduciary duty as a director, except to the extent that elimination of liability is not permitted under the General Corporation Law of the State of Delaware as in effect at the time such liability or limitation thereof is determined. No amendment or repeal of this Article shall apply to or have any effect on the liability or alleged liability of any director of the corporation for or with respect to any acts or omission of such director occurring prior to such amendment or repeal.

• **Ninth:** The corporation shall, to the fullest extent permitted by the General Corporation Law of the State of Delaware, as the same may be amended and supplemented from time to time, indemnify and advance expenses to its directors, officers, employees and agents and to any other person acting on behalf of the corporation, from and against any and all expenses, liabilities, or other matters referred to in or covered by said law. The indemnification provided for herein shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any By-Law, agreement or disinterested directors or otherwise, both as to action in their official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such person.

• **Tenth:** The name and mailing address of the sole incorporator are:
Jeremy M. Kalmbacher, 430 River Drive, Westville, NJ 08093.

• **I, The Undersigned,** for the purpose of forming a corporation under the laws of the State of Delaware, do make, file and record this Certificate, and do certify that the facts herein stated are true, and I have accordingly hereunto set my hand this 10th day of February A.D. 2015.

BY: 
(Incorporator)

NAME: Jeremy M. Kalmbacher

RESOLUTION

A Resolution of the Board of the Country Glen Property Owners' Association ("POA")

Whereas Country Glen POA Board is responsible for the maintenance and operation of the wastewater collection and disposal system for Country Glen II development;

Whereas the operation and maintenance of the wastewater system has become increasingly burdensome with the advent of stricter regulations and increasing costs;

Whereas the POA Board did vote on November 15, 2016 to pursue the turnover of the common wastewater system of Country Glen II to Clean Water Solutions partnership, and more specifically to Diamond State Sustainability Corporation (DSSC) as the operational partner; **now therefore be it RESOLVED** by the POA Board that:

1. The Board will turn over ownership and responsibility of the common wastewater system provided a mutually agreeable transfer can be effected [*See Asset Purchase Template attached*]; and
2. The Board will negotiate in good faith to effect that transfer; and
3. The Board will be responsible for disseminating information to the property owners affected by this transfer and will work with DSSC and its associates to facilitate the turnover of wastewater system assets.

Witness my hand and seal this 17 day of January, a.d. 2017.

Board President

Board Vice President

ATTEST: 

Board Secretary

Diamond State Sustainability Corporation

1307 Savannah Road Lewes, Delaware 19958

Financial, Operational, and Managerial Capacity

Diamond State Sustainability Corporation (DSSC) possesses the financial, operational, and managerial capacity to operate as a regulated public wastewater utility. DSSC's Board of Directors consists of professionals with extensive experience in environmental regulations, engineering, utility management, operations, maintenance, and construction. The Board currently consists of the following individuals:

Board of Directors:

Jeremy Kalmbacher, P.E., Director of Engineering, Tidewater Utilities, Inc.

Michael Vanderslice, MBA, Vice President, Environmental Alliance

Elio Batista, Jr. Esq., Parkowski, Guerke, & Swayze, P.A.

Nello Paoli, Jr., Preferred Electric, Inc.

DSSC is also part of a non-profit collaboration referred to as Clean Water Solutions. A brief summary of the Clean Water Solutions collaboration has been attached for reference. In summary, the non-profit collaboration consists of DSSC, Eden Delmarva, and SERCAP. CWS provides support services to rural, under-resourced and low to moderate income communities by providing solutions to their failing or unsustainable wastewater infrastructure. As part of the collaboration, DSSC provides utility solutions and management, Eden Delmarva provides financial solutions and oversight, and SERCAP provides technical assistance and community outreach.

Financial

DSSC received a grant from Eden Delmarva in the amount of \$22,000 to support the acquisition of the Country Glen II community septic system including applying for the CPCN, developing and filing for an initial Tariff, and to facilitate system transfer.

Once the CPCN application is approved by the PSC, the Country Glen HOA will transfer ownership of the community septic system to DSSC. As part of the transfer, the HOA will transfer the balance of their septic fund to DSSC. On average, the balance is approximately \$20,000. A recent account statement is attached for reference. DSSC will have access to these funds for cash, working capital, operations, and maintenance.

Upon approval of the Tariff by the PSC, DSSC will have the necessary revenue from sewer bills to provide sustainable and affordable operations and maintenance of the system. Currently, the HOA charges an additional \$450 per year in dues to each property

connected to the system for operations and maintenance of the system. Operations and maintenance consists of a licensed operator ensuring performance and compliance with DNREC regulations, monthly electric charges, pump-outs of the septic tanks, and repairs as needed. DSSC is proposing to charge \$500 per year and to enter into a regulated utility billing contract with Tidewater Utilities, Inc. This will ensure timely collection of sewer fees and guarantee the revenue stream.

As a non-profit corporation, DSSC is eligible for grant programs. DSSC has also applied for 501C3 tax status with the IRS and anticipates receiving tax-exempt status by the end of 2017. Once DSSC receives tax-exempt status, this will eliminate federal tax liabilities and make DSSC eligible for substantially more grant opportunities, especially from private foundations.

Managerial

The Board of Directors has exceptional managerial abilities and experience. Jeremy Kalmbacher has substantial experience in utility planning, engineering, and management. Michael Vanderslice has a background in environmental science and a Masters in Business Administration. Elio Batista is a practicing attorney with extensive experience in environmental law and regulatory enforcement. Nello Paoli has had a very successful career in construction management. DSSC will also contract on an as-needed basis with accounting, engineering, and law firms. Additional managerial support is supplied by D.C. Kuhns, the executive director of Eden Delmarva and through the support of Eden Delmarva's Board of Directors.

Operational

DSSC will contract with a licensed wastewater operator with a high quality reputation to ensure operational compliance of the system. DSSC has extensive technical capabilities and experience. Jeremy Kalmbacher is a registered professional engineer. He has designed and managed numerous water and wastewater capital improvement projects for a regulated utility. Michael Vanderslice and Elio Batista have technical expertise in environmental regulations and permitting. Additional technical expertise will be contracted on an as-needed basis. Also, Jean Holloway, state manager for SERCAP, will provide operational support and coordination with the community.

DSSC has filed planning grant applications with both the USDA-RD and DE-SRF programs. The planning grants will support long term system planning and sustainability analysis including existing system evaluation, alternative upgrades, regional solutions, and financial impacts.

Please refer to the attached revenue and expense projections.

Clean Water Solutions (CWS)

If rural communities in Delaware are plagued by wastewater system failures that due to economic distress languish in disrepair, and those failures can create disease outbreaks, and contribute to ecosystem damage and algae blooms, then it is critical to provide innovative solutions. By insuring the sustainability of these wastewater utilities Clean Water Solutions, ("CWS") will assist low to moderate income, ("LMI") rural communities with critical upgrades; repairs or replacement to existing systems through the creation of a non-profit utility.

The challenge: Several broken, or near failing wastewater systems that are privately owned by rural, (LMI) communities are posing a community health and environmental risk. These cluster communities who struggle with the manpower, technical and financial capacity, to maintain and operate their systems, because the upgrade costs per customer connection make an unwise investment. Several systems are out of compliance and at risk of failure, *putting the homes within these communities at risk for DNREC condemnation*. The expense and technical complexity of bringing these systems up to date has been out of reach for a long time. For profit utility companies cannot simply step in and take over the systems, because the cost per connection is not economically feasible for the utility or the rate payers. Neither these system owners, nor the for-profit utilities can qualify for free or grant assistance from federal or private foundations. Relying solely on loans adds further costs to be recovered from rates.

The Solution: A working group of stakeholders, including elected representatives, federal and state agencies, private utilities and nonprofits convened during the spring of 2015, and by fall 2016, through innovative sponsorship from Discover Bank's CRA Officers, the committee fostered a collaboration called Clean Water Solutions, between three non-profit entities: EDEN Delmarva ("EDEN"), Diamond State Sustainability Corporation ("DSSC"), and Southeast Rural Community Assistance Project ("SERCAP"). Together they are creating a non-profit utility to service these struggling communities of failing wastewater systems.

The Pilot: CWS has identified 6 LMI cluster communities owned systems, which cannot afford to operate safely, in compliance with State law, and in such a way that user rates will still be affordable, ("pilot"). The pilot requires each one of these communities to negotiate an Assignment of Assets Agreement. Thereafter, the rate and billing method for water and wastewater will be negotiated and filed with the Delaware Public Service Commission, ("PSC"). The CWS submission of wastewater and water rates to the PSC ensures a fair, affordable rate, enforcement of bill paying, and allows the communities to be relieved of their struggle to technically maintain their broken or failing systems. The financing for the pilot project requires 70% grant and 30% loan in the structure, and through this work, CWS is leveraging monies from USDA Rural Development, DNREC's Office of Financial Assistance Branch, ("FAB") along with grants from the Delaware Community Foundation and Discover Bank. CWS seeks to involve other foundations and grant makers who recognize the public health and environmental threats of these failing systems, and are innovatively willing to join in this team's work creating Solutions.

The Vision: In Delaware, surrounding the Inland Bays Region, Delaware Estuary, and Chesapeake Watershed, there are over 80,000 septic systems. Of the approximately 165 community wastewater systems, about 80 are cluster septic systems. Approximately 18,000 of these individual septic systems and at least 8 community systems are broken or working improperly—causing a public health hazard and environmental problems because of the nutrient overload flowing into the surface waters and aquifers. More systems are expected to fail at an increasing rate over the next decade. The end result is a growing environmental and economic problem that imperils the environment, and cannot be fixed overnight. The solution, funding the assessment, repair, and replacement for onsite community systems and wastewater systems for LMI cluster communities ***cannot happen overnight.***

Through the collaborative work of CWS, its growing team of advisors and sponsors, these communities can be assisted. CWS can provide critical upgrades to prevent system failures, financial management expertise, and technical capacity support services to create solutions for the regional crisis of these failing systems.
